STATEMENT OF TIMELY MAILING UNDER 37 CFR §1.8
STATEMENT OF JOHN W. FREEMAN, ESQ.

I, JOHN W. FREEMAN, ESQ., declare as follows:

I am a principal of the law firm of FISH & RICHARDSON P.C. and an attorney/agent of record in the above matter.

I first became aware of the abandonment of the above patent on or about April 9, 2004, upon receipt of the Notice of Abandonment. I submit that the accompanying petition to withdraw the Notice is being promptly submitted as required by 37 CFR §1.8(b)(1).

On September 4, 2003, I signed the correspondence entitled Response to Restriction Requirement and the certificate of mailing stamped directly on the correspondence, which indicated that the correspondence and accompanying postcard and check were being deposited with the United States Postal Service on September 4, 2003. I gave the signed documents to my secretary, who made photocopies for the file, sealed the originals in an special envelope preprinted with the address of the Assistant Commissioner of Patents, and left the envelope in one of the designated "pick-up stations" to be delivered to the United States Postal Service in accordance with the procedures described in the Declaration of Nerissa Parisi.

CERTIFICATE OF MAILING BY FIRST CLASS MAIL

I hereby certify under 37 CFR §1.8(a) that this correspondence is being deposited with the United States Postal Service as first class mail with sufficient postage on the date indicated below and is addressed to the Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

Attorney's Docket No.: 07064-012001 / FP00820-
NF236/99-VK

Knowing the procedures for outgoing mail and my secretary's experience with them, I had reasonable basis to expect that the correspondence would be deposited with the United States Postal Service on the date indicated.

Unknown to me, on November 16, 2003, the patent was abandoned. I never received any indication of the abandonment from the Patent and Trademark Office. All mail sent from the Patent and Trademark Office to any attorney or patent agent at FISH & RICHARDSON P.C. is opened, date stamped, logged, and docketed centrally before it is sent the attorney or patent agent. A review of our manual mail log and computerized docketing records from November 16, 2003 to the present indicates that no indication of abandonment was ever received.

On April 9, 2004 I received a Notice of Abandonment which had been mailed April 7, 2004, indicating that no reply has been received. It was upon receipt of this notification that I first became aware that the patent was abandoned.

Respectfully submitted,
